Peace to you!

On Monday, September 14 at *Catholicism on Tap*, Fr. Kren and I hosted an "Ask Your Father" live podcast. It was great to have such a good crowd in attendance. Thank you to everyone who submitted questions, many of which we were not able to get to in the short amount of time.

Many of the questions centered around the new reality of our 5-Parish "Pastorate," Our Lady of the Falls Catholic Community. While many realities of our parishes will remain the same, there have been and will be changes. In my opinion, the first question that should be asked (and answered) is "Why? Why are things changing or going to change? Why will some things remain distinct between the five parishes and some things be done together?"

Any change is intended for fulfilling the Catholic Church's mission rather than operating in a "mode of maintenance." For example, there are currently 25+ people from our five parishes reporting directly to me. This reality does not allow for the support and accountability our amazing staff and parish leaders need to do well. Staff restructuring and realigning will create a structure in which lines of communication and accountability are clear. The pastorate (all five parishes) will be able to live out its shared mission more effectively with a shared staff.

The aligning of our five parishes into Our Lady of the Falls, and any restructuring and sharing of staff, systems, resources, and communication channels (bulletin, website, etc. . .) that occurs will allow the pastor to better support and communicate with the staff, leaders, and all parishioners. Clarity will help each parish and our Catholic schools and apostolates to succeed and operate with a growth mentality.

In short, we can do more and better together than separately. We have witnessed this truth in our community the past several years. I am convinced that Jesus Christ desires an increased flourishing of our Catholic community in the Chippewa Valley! We want to be poised for growth, and not managing decline. This means we must be mission-

THIS & THAT: "It's never too late to change your mind" | "In our parable from Matthew 21:28-32, Jesus is emphasizing the importance of harmony between our words and actions. The human situation hasn't changed much since then. How often have we been like the vineyard owner's son, saying "yes" with our words but not with our actions? What we say with our mouth must be matched in the deeds of our daily living. The religious leaders of Jesus' day put on a good show of being holy people. No doubt some of them were. He wanted people who would be honest with themselves. He wanted people who if they were sinners, to admit it and get themselves right with God. Talk and excuses are not going to impress God. It's the good that we do that's going to please God and bring us to the eternal

happiness we were made for. We can make all kinds of excuses as to why we are not practicing our faith as we should. We can make lots of promises to ourselves about what we are going to do tomorrow, but it is what we actually do that is going to matter. In the parable Jesus is telling us if we're not doing right, *it's never too late to change our minds*. Together let us pray that as God offers us an equal opportunity each day to turn away from our sin, we can turn to the Lord, know of his mercy and love, rejoice and get to work! Have a blessed week and stay healthy. — Sr. Yvonne
